Other chapters ns in the contest were Solanco at Quarryville, Garden Spot at Lampeter- , and Dover and Hellam in York County. —LF PHOTO

FFA Land Judging Won By New Holland Lad

Carl Gehman, Mohrton R1, ninth grade Vocational Agriculture student at New Holland scored a total of 398 points out of a possible 500 to win the York-Lancaster Area FFA Land Use and Management contest Thursday.

The next four places were won by contestants from the Solanco chapter. Glenn Kunkel, New Providence, placed second with 391; third place was won by John McKelvey, Oxford R1, with 384. Donald Ressler, New Providence placed fourth with 362 while Richard Carnathan, of New Providence, was fifth with 361.

Approximately 40 Future Farmers from ten chapters in the two counties judged five sites on the Millersville R1 farm of Amos H. Funk, and made recommendations for use of the land. Included in the contest was identification of the Land Capability Class, slope of the land, depth of topsoil, drainage, texture of the soil, stoniness, and organic matter content.

Recommendations for crops or permanent grass or trees on some of the sites was called for. In making the recommendations, the boys had to check the major limiting factors leading to their decisions. The use to which the land is being put at the present, in some cases was not the one which should have been recommended.

In addition to the top five

Penn - Manor 4-H Club Elects

Christine Connor was elected president of the Home Economics Club of the Penn Manor Community Club at a meeting Tuesday night at the school.

Other officers are Linda Dull, vice president; Linda Fair, secretary: Nancy Neff, treasurer; Judy Warfel, is news reporter; Faye Derr, game leader; and Suzanne Martel, song leader. Miss Martel was also named the club's county council representative Mrs. Walter Warfel is adult leader of the group.

The agricultural club of the community club elected Gerald Hess as its representative to county council. Gerald and Glenn Hess presented a demonstartion of tractor maintenance at the meeting.

Two Manheim Community 4-H club members were named as delegates to the Lancaster County 4-H Council Monday night.

They were Mary Ann Ruhl and Wilbur Hosler, both of Manheim R3.

WILBUR HOSLER ACCEPTS CONGRATULATIONS from Larry Hartman of Hellam, York County, after Hosler won the judge's nod in the annual York-Lancaster area FFA Public Speaking contest at Manheim last Friday night. Speaking on the subject "The Farmer's Challenge", the Manheim R3 Future Farmer displayed poise and grasp of subject knowledge to earn an opportunity to try for the state contest in June. Two other Manheim Central FFA members have won the state contest in recent years. Dean Hofter, National regional vice president and Gerald Greiner, state FFA president were champions, and last year Ira Fahnestock from the same school won the soil conservation phase of the public speaking contest. —LF PHOTO

Conestoga 4-H Elects Officers

Lois Ann Overgard, Lancaster R4, was elected president of the Conestoga Valley Senior 4-H sewing Club at their April 25 meeting in the East Lampeter Elementary School.

Other officers elected include Jean Landis, Lancaster R4, vice president; Esther Overgard, Lancaster R4, secretary, Elsianne Hess, 1749 Old Philadelphia Pike, treasurer; and Ellen Overgaard, Lancaster R4, news reporter.

Also elected were Estella Leaman, Ronks, song leader; Jean Stauffer, 116 Crestmont Ave., Lancaster, assistant song leader; Barbara Good, Bird-in-Hand R1, and Joyce

(Turn to page 5)

Garden Spot 4-H Reorganizes

Keith Overgaard, Lancaster R7, was elected president of the Garden Spot Community 4-H club, meeting at the home of Walter Overgaard on April 21.

Glenn Book, Lampeter, was named vice prtsident; Lois Ann Overgaard was secretary and James Groff, of Lancaster R7, treasurer.

Also elected were Elsianne Hess, 1749 Old Philadelphia Pike, assistant treasurer Donna Landis, 2088 Creek Hill Road, song leader; Mary Jane Herr, Refton, and Elaine Stoltzfus, Ronks R1, as game leaders; and Donald Kraybill, 599 Lampeter Rd. news reporter.

Adult leaders of the gr-

Four Herds Tie In Red Rose DHIA

Four herds in the Red Rose Dairy Herd Improvement Association finished the month of March in a tie for first place with an average of 58 pounds of butterfat.

The mixed herd of 27 8 cows belonging to Edwin J. Landis, Lancaster R7 made the record on 1597 pounds of milk with a 3.7 test. Raymond F. and Louise A. Witmer, Willow Street R1, milked 1127 pound of 5.1 percent milk from their herd of 47.4 registered Guernseys. Paul B. Zimmerman's 25.2 registered Holsteins at Ephrata R1 made 1523 pounds of 3.8 per cent milk, while the 18 registered and grade Holsteins of Mervin Nissley, of Bainbridge R1 produced 1457 pounds of milk with 4.0 test.

The high 305 day lactation record was completed by a registered Holstein in the herd of Hiram S. Aungst, of Elizabethtown R1. Cher produced 18,023 pounds of 3.8 per cent milk for a total of 676 pounds of butterfat.

Second high lactation record was on a registered Holstein owned by James G. Kreider, Quarryville R1. The Kreider cow made 674 lbs. of butterfat on 14, 819 lbs. of milk with a 4.5 test.

A total of 34 herds in the association averaged 50 lbs. of butterfat per cow or better for the month.

FIVE - DAY WEATHER FORECAST

Temperatures for the next five days will averige near the normal of 47 at night and 68 in the afternoon. Somewhat warmer Saturday with cooler temperatures Sunday & Monday. Warmer again Tuesday or Wednesday. Showers Saturday or Saturday niie and again Monday or Tuesday may average one-third of an inch. During the past week Lancaster city had .47 inch of rain, but the precipitation in parts of the county was considerably less.

Average temperatures for the month of April will be about six degrees above normal.

Trading Slow, 50 Lower

James E. O'Hara,
In Charge, Market News Branch

CATTLE: 5020 compared with 4052 last week. The supply includes 50 per cent slaughter steers and 40 percent stockers and feeders. Trading slow. Compared with last week's close, slaughter steers are generally .50 lower. Cows are 25c lower with the decline coming late in the week. Utility and Commercial bulls steady, Good grade bulls 50 lower Stockers and feeders steady to 50c lower.

Bulk of the Choice grade 950-1350 lb. slaughter steers brought 27.00-29.50, several loads and lots average to mostly high-Choice 1025-1, 284 lbs. sold at 30.00-30.75. Good to low-Choice steers brought 24 -27 50.

A few lots Good & Choice heifers brought 23.00-26.00. Utility and Commercial bulls sold for 20 00-23 50, while Good grade fed bulls made 23.00-25.00 with a few early Monday to 25 50. Cutter, Utility and Commercial cows went at 16 50-19 25, Canners and low-Cutter, 14.75-16 50.

Good and Choice 550-800 lb. stock steers sold for 27.-50-31 50 and Medium and Good for 23.50-28 00. Good and Choice 800-1050 lb. feeder steers brought 25.00-28 75 with several loads of Choice 1050-1150 lbs. at 25.00-25 50 and Medium and Good at 22.00-25.50.

CALVES: 600 or about the same as last week. Trading was moderately active. Vealers weighing under 120 lbs. were 1.00-2.00 higher and heavier weights steady. Good and Choice vealers 28-33.00, Choice and Prime sold at 33 to 38, Standard and low - Good 20.-27., with Utility down to 15.00.

Hogs. Receipts will total about 2010 head compared with 1767 last week. Compared with last week's close, barrows and gilts were steady. Sows steady.

Chicago Cattle

Steers Highest Since Last May

CATTLE — Receipts down 20 percent from last week. However, salable supply increased by nearly 1,000 head slaughter steers and heifers, mainly steers grading choice and below, carried from last week Good clearance this week both fresh receipts and holdovers. Smaller percentage prime steers than the nearly 9 percent prime last week Average wgt. of slaughter steers considerably lighter than last wks. average of 1154 lbs.

A two-way trend developed and the spread in steer prices became the widest in a year as steers in loadlots sold in a range from 17.50 to 33.50, high good to prime steers closed 50 to 1 higher The better the cattle the greater the advance, the plainer the cattle the greater the decline. Vealers steady. Stockers and feeders slow altho a little more active than last week. Prices steady to 50 lower.

Load prime 1160 lb. slaughter sters 33.50, equal to loads mixed good and low choice steers 25.75-26 25, bulk good grades 23-25 50.

Good and choice vealers 27-32, standard grades 21-27.

Few good 550 lb. stock steers 28, choice 750-775 lb. the highest price paid for steers since last May, early bulk high choice and prime 1075-1450 lb. steers 28 50 - 31 50. Weeks bulk choice steers 26.50-28.75. Numerous yearling feeding steers 27-27.50, load medium 750 lb. stockers 23.25, choice 825 and 882 lb. feeding steers at 26.10-26.25, several loads of good and choice 900-925 lb. wgts. 25-25.35, medium and good 800-985 lb. wgts at 22.75-24.25.

Vintage Auction

Steers Steady Quality Down

CATTLE: 418. Compared with last week, slaughter steers about steady with fills considered. Cows steady to 50 higher. Bulls steady with last Tuesday's close for 1.00 lower than early. The quality on slaughter steers wasn't as good as in past weeks.

Bulk of the Choice grade cattle 950-1300 lbs. 26.50-28 50, Good to low-Choice 24.00-26.75, Standard 21.-24. Cutter and Utility cows 16.-50-19.50, Canners and low-Cutters 15.25-17.00, Utility and Commercial bulls 20.00-23 50, Good grade bulls 23.-00-24.00

CALVES 256. Choice grade vealers steady. Good grade and below 1.00 higher. Good and Choice vealers 28.00-35.-00, Choice and Prime 35.00-39.00, Standard and low - Good 25 00-28 00, Utility 20 00-24 50.

HOGS: 99. Barrows and gilts .75-1.00 lower. U. S. 1-3 grade 175-212 lbs. 16.00-17.-10, several lots 230-250 lbs. mostly 2-3 grade 16.00-16 60.

Delmarva - Georgia

Prices Weaken Slaughter Is Up

Delmarva reported prices ranging from 16 30 to 17.30 for 804,800 head at the farm during the 24 hour period ending 10.30 Friday morning

Estimated slaughter by Eastern Shore Processors for the week end is 541,000 head compared to 442,000 head last weekend.

The Delmarva broiler-feed ratio for the week ending on April 22 was down 1 point from the previous week at 3.7. Broilers averaged 17 19 and mash cost $93 55 per ton

Georgia reported prices of 15 80 to 17 00 on 1,069,800 head at farms Estimated Georgia slaughter for the weekend is 745,000 head compared to the 658,000 head last week.

Fluid Milk

Surplus Directed To Separators

The northwestern area reported milk production steady with last week at the high spring level.

As a result of the high production surplusses were in excess of bottling needs and a heavy surplus was diverted to separators for fluid cream needs, to churns, to driers or to cheese mfgrs. Bottling demand improved as schools reopened and was reported fair to good. Wholesale prices for bottling quality milk in New York was unchanged at $4 75 to $4 85 per 40 quart unit.

FROM WHERE WE STAND -

Appropriations Help a Good Agency

The vice-president of the American Meat Institute—which is the national trade association of the meat packing industry—recently appeared before a House subcommittee in support of the 1961 budget request of $21,562,700 for Federal meat inspection.

In fact, he offered the view that the amount is not quite as large as it should be, but, on behalf of his organization, he recognized "the necessity of cutting the Federal budget in all departments of the Government to the absolute minimum."

The meat inspection Division, which administers the 53-year old inspection program, seems to be just about a model government body. In the AMI spokesman's words, it "has developed and maintained a reputation for absolute integrity . . . . There have been times when the meat packing industry and individual companies in it have not agreed with MID, but no one questions its integrity and its dedication to the public interest."

He also pointed out that no other food gets the kind of scrutiny which is routine for meat and food products under Federal inspection. One of the Division's important functions is to examine the product for the presence of harmful chemicals. The public has faith, and fully justified faith, in the service—and the industry respects and supports it. The modest appropriation asked for it in the budget should certainly be granted.

WHEN TREES ARE MATURE THEY MUST BE HARVESTED just the same as any other crop, but cutting the ground as bare as this will deprive the owner of any crop for many years This view of a hillside in Martic Township shows one of the evils of selling timber by the tract. Many of the sawmill operators in the county are conscientious and will do a good job of selective cutting, but some operators are so greedy for today's gain they spoil tomorrow's opportunity. Landowners with timber tracts to sell would do well to confer with the District Forester before making any logging contracts. Clear cutting and rooting out of young trees as is done here not only spoils future timber crops, but also deprives wildlife of shelter and cover and lays the soil open to the ravages of water erosion. State highways spokesmen say roads in areas such as this are harder to maintain putting the burden on the general taxpayer as well as the landowner. Contracts which call for the cutting of only marked and marketable trees are usually most advantageous for the farmer. Timber is a crop. Harvest it wisely. Keep Pennsylvania Green —LF PHOTO

THIS WEEK

—In Washington

With Clinton Davidson

Farm Problem

A new wheat program rates now as the most urgent, and possibly the only major farm legislation likely to be passed at this session of Congress.

Three months ago President Eisenhower told Congress that adoption of new wheat legislation this year was "imperative." He warned that the longer it delayed the more difficult it would become to pass constructive legislation.

That warning is proving to be remarkably accurate At least four widely different wheat programs have been offered. Congress is having difficulty in choosing between them.

The Senate Agriculture Committee resumed hearings on wheat bills last week after a delay of almost two months during which the Senate was tied up with debate on civil rights legislation.

Wheat program hearings by the House Agriculture Committee have been completed, but it hasn't agreed yet on the kind of a bill it will recommend to the House for approval.

Thousand Dollars a Minute

President Eisenhower reminded Congress that the present wheat program is costing the government $1,000 a minute, $1,500,000 a day The only future of the present program, he said, is ever higher costs.

Although this country is exporting wheat at the rate of almost a million and a half bushels a day, we still have 1,200 million bushels piled up in storage. That represents an investment of $3,500,000,000 and it is enough wheat to meet our domestic needs for two years.

On top of that, farmers are growing a wheat crop from which they will begin harvest of an estimated billion and a quarter bushels in a couple of months. That is expected to add another 150 million bushels to the already large surplus.

The law limits wheat plantings to 55 million acres, compared with 80 million acres only a few years ago, but favorable weather and improved production practices have kept production almost 20% in excess of combined markets at home and abroad.

SMELLS

By: Carol Dean Huber

There's no perfume a merchant sells
As good as a country kitchen smells;
Vegetable soup and homemade bread,
Roast goose and crabapple jelly, red,
Fresh made coffee and pies of cherry,
Apple rhubarb or good raspberry;
There is no perfume, you know full well,
As good as a country kitchen smell.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

Bible Material: Matthew 5 8, 27-37; 23 25-26, Luke 2 52, 9 61-62, Philippians 4 8.

Devotional Reading: Ephesians 5 21 through 6 4.

Pure In Heart

THERE are different words in different languages for the invisible man—that is, the man nobody sees, but everybody knows he is there. Each of us is an invisible man or woman. It isn't that we walk around with this person under our skins. We are this person. We can call it the "real you" or the "inner self" or the "ego" if we like. We can call it the mind or the spirit. What the Hebrews called it was the "heart." This did not mean emotions, it meant thought, attitudes, the whole inner, unseen life of man, that area of his life in which he is definitely human and not just another and slightly smarter animal.

Dr. Foreman

PURE In Heart

Jesus laid great emphasis on the heart; and so does the entire Bible. If the heart is not right the man is not right. Jesus has a special word for the right kind of heart: **"Pure."** This does not mean what you might think at a hasty glance. It does not mean—exclusively—a mind free from wrong sex desires, a heart without lust. The word Jesus uses, which is translated "pure," is simply "clean." That is, free from everything useless, everything that beclouds and besmirches life. A heart cluttered up with worries is not a pure heart, as Jesus would see it.

Yet an empty heart is not a pure heart. One of Jesus' more gruesome stories is about a devil who had been cast out of a man's heart. Finding no rest elsewhere, the evil spirit came back to his old home, and found it "empty, swept and garnished." There was room there for himself and seven other devils worse than he was . . . so they all moved in. The emp... necessarily a good li...

Proposals

r wheat program from which Congress is expected to choose to become effective before planting of the 1961 crop are

Agriculture Secretary Benson's; Remove acreage controls and support all wheat at between 75% and 90% of the average market price of the previous three years For 1961 that would be between $1.10 and $1.35 a bushel.

The wheat certificate plan Allocate to each grower his proportionate share of the domestic market for food at a price of about $2 25 a bushel and permit him to grow all additional wheat he wishes for sale as livestock feed. This is supported by the National Association of Wheat Growers, the Grange and the Farmers Union.

Farm Bureau plan: Similar to the Benson proposal. No Controls, but with supports on wheat based on feed value when compared with corn

Senate Agriculture Committee Chairman Ellender Continue acreage allotments but support prices starting at 80% of parity the first year, then lowering supports by the five percentage points in each of the next three years thereafter, to farmers who reduce their wheat acreage by at least 20%

Springtime Menu Items

By Mrs. Richard C. Spence

Chilly weather always brings to mind the soup kettle simmering gently on the back of the range or Grandmother's combination coal-wood stove. Hearty Vegetable Soup made with elbow macaroni is so appetizing with beef, celery, carrots, and tomato.

HEARTY VEGETABLE SOUP

2½ pound soup bone and meat
3 quarts water
1 tablespoon salt
¼ teaspoon pepper
1 bay leaf
2 stalks celery, cut in 1-in. pieces
1 large carrot, cut in 1-in pieces
3 cups tomato juice
1 cup diced celery
2 cups sliced carrots
8 ounces elbow macaroni

Put soup bone and meat, water, salt, pepper, bay leaf, 1in celery and 1-in. carrot pieces in large pan. Cover and bring to boiling Reduce heat and simmer about two hours. Strain Remove meat from bone and cut into pieces Add to soup stock. Then add tomato juice, diced celery and sliced carrots. Simmer 15 minutes. Add macaroni and cook 15 minutes longer. Makes 4 to 6 servings.

* * *

Another version of vegetable soup—

VEGETABLE CHOWDER WITH CHEESE-TOPPED DUMPLINGS

1 cup finely shredded sharp cheddar cheese
4 teaspoons cornstarch
2 cups tomato juice
1 cup canned whole kernel corn
1 cup canned diced carrots
1 cup canned green beans
1 beef bouillon cube
1 cup finely chopped celery
1 bay leaf
½ teaspoon celery salt
1 cup sifted flour
1½ teaspoons baking powder
¼ teaspoon salt
2 tablespoons shortening
½ cup milk

Place cornstarch in deep heavy kettle. Blend in tomato juice. Drain canned vegetables, reserving 2 cupfulls liquid. Heat vegetable liquid to boiling. Drop in Bouillon cube. Remove from heat and stir until dissolved. Pour into tomato juice mixture. Add corn, carrots, green beans, celery, bay leaf, and celery salt. Cover and cook 15 minutes.

Sift together flour, baking powder, and salt. Cut in shortening until mixture is consistency of corn meal. Gradually add milk to form a soft dough. Drop by spoonfuls on top of vegetable mixture. Cover tightly and cook 12 to 14 minutes. Sprinkle cheese over dumplings and serve. 6 servings.

* * *

SAVORY CHEESE SOUP

1 pound process American cheese, cubed
½ stick (¼ cup) margarine
2 tablespoons chopped chives or onions
3 cups milk
½ teaspoon dry mu
¼ teaspoon paprika
Toasted bread cube

Melt margarine in double boiler or in saucepan over low he chives or onions and until tender. Add mil cheese. Heat, stirring ionally, until cheese Stir in mustard and p Serve hot. Top each with toasted bread Serve with a chille fruit salad. 5 to 7 se

1 cup uncooked elbow macaroni
3 eggs
¼ cup milk
2 tablespoons melted butter or margarine
1 teaspoon salt
2 tablespoons chopped pimiento
½ cup sliced ripe olives

Cook macaroni in boiling salted water as directed on package. Separate eggs. Place egg yolks in a large saucepan and whites into a bowl. Beat yolks. Add milk. Heat. Stir in cheese, butter, and salt, cooking over low heat until cheese melts. Add cookeddrained macaroni. Beat egg whites until stiff. Fold beaten egg whites into macaroni mixture Pour into a greased 8 by 8 inch baking pan or dish. Bake in a moderate oven (350 degrees) for 35 minutes. Serve immediately. Makes about 5 servings.

* * *

SCALLOPED TOMATOES WITH CHEESE

3 slices process American cheese food, cut into strips
1 pound 4½ ounce can tomatoes
7 slices bacon
2 teaspoon sugar
5 tablespoons chopped onion
1¼ cups fresh bread crumbs
1 teaspoon salt
Pepper

3 slices bread, each buttered and cut into rectangles

Drain tomatoes, reserving ¾ cup of the liquid. Fry bacon in a skillet, drain and crumble into tomato juice. Add sugar. Pour drippings from skillet leaving 1 tablespoon bacon fat. Add onions and brown lightly. Combine onions and bread crumbs with tomato juice Place tomatoes in 6½ by 9½ inch casserole. Add salt and pepper to tomatoes. Cover with tomato juice mixture. Arrange cheese over surface. Top with buttered rectangles of bread, bake in very hot oven (450 degrees) for 10 minutes. 4 servings.

* * *

TOMATO MACARONI CASSEROLE

¼ cup chopped onion
2 tablespoons butter or margarine
1 can (10½ ounces) condensed tomato soup
½ cup water
¾ cup shredded sharp cheddar cheese
2 tablespoons buttered bread crumbs
2 cups cooked macaroni.
¼ cup shredded cheese.

Cook onions in butter until tender. Stir in tomato soup, water and the ¾ cup of cheese; heat until cheese melts. Blend sauce with cooked macaroni; pour into a buttered 1½-quart casserole. Sprinkle the ¼ cup shredded cheese and buttered bread crumbs over top. Bake in a moderate oven (350 degrees) about 30 minutes or until browned. Makes 4 servings.

* * *

If you want something quick and easy, try this—

CHEESE 'N CHILI BEANS

3 slices bacon
1 tablespoon bacon drippings
2 tablespoons chopped onion
1 can (1 pound) pork and beans with tomato sauce
½ cup cubed sharp Cheddar cheese
1 tablespoon chili sauce

Cook bacon in skillet until crisp. Remove bacon; pour off all but 1 tablespoon

We Have It!
NEW WAYNE KRUMETTES
Now! Wayne Dog Food in Pressurized Form

. . . new texture, new eat appeal, quicker, easier mixing, and the new pressurized Krumette form is ideal for dry or wet feeding. Krumettes deliver full nutrition in one complete ration for dogs of all ages. Better digestion, too, since pressurizing with steam homogenizes the ingredients and helps dextrinize the starches. Remember, new Krumettes produce the good firm stools you have come to expect from feeding Wayne Dog Food. Get your supply from us today!

Crops Make GoodGrowth In County

General: Pastures, hay, meadows, and winter grains were in good condition throughout most of the Keystone State as the season progressed into the last week of April. However, the record hot, dry weather of the previous two weeks has rapidly depleted soil moisture reserves and a soaking rain will be needed shortly to relieve this condition.

After a late start pasture grasses have been growing rapidly but growth is still shorter than usual and will therefore be quickly damaged by continued dry hot weather. Only in scattered areas in the Southeast has any grazing of pasture been done In northern areas of the State another two weeks growth is needed before grazing. New hay seedings came thru the winter in good shape, but both old and new fields need warm rains to bring growth up to seasonal normals. Both alfalfa and clo-tim fields have uniformly good stands at the present.

Preparation of ground for spring planted crops and planting of oats and early summer potatoes progressed rapidly during the week ending April 25th During the early part of the week conditions were excellent for working the soil but dry topsoil was becoming a problem in some areas by the end of the week. Nearly all of the intended acreage for oats in the southern third of the State has been planted. In the Central counties oat seeding is about half completed while seeding is just starting in the northern tier of the counties

Apple blossoming should be at a peak for the Adams County Apple Blossom Festival on May 1, the Crop Reporting Service of the Pennsylvania Dept. of Agriculture said in a weekly Bulletin.

Vegetable planting in most areas is running somewhat behind schedule because of the late spring. There has been little or no planting in northern tier counties. Limited plantings of early peas, sweet corn and onions have been made in central and southwestern counties. However planting of most vegetables is in full swing in the warmer southeastern counties.

There have been no reports of setting canning tomatoes in the field, but some fields of early sweet corn have been planted. Many of the early planted peas in the county are making good growth and will be helped by the cooler temperatures, but some are in need of moisture.

● Land Judging

(From page 1)

judges, seven other Future Farmers won the right to represent the area in the contest during FFA week at the Pennsylvania State University in June. These boys with scores ranging from 357 points to 334 points are Kenneth Myer, Elizabethtown; John Hess, Penn-Manor; David Stewart, Kennarddale, York County; Wilmer Martin, New Holland; Kenneth Heisey, Manheim, Richard Hosler, Manheim; and Kenneth Bricker.

During the same afternoon Paul Frey, Conestoga R2, won the area FFA Horseshoe pitching contest. In beating out runner-up, Richard Erb, Manheim R2, Frey, a senior at Penn Manor won the right to represent the area at PSU during FFA Week.

Cooperating with the Soil Conservation Service, the Penn Manor chapter prepared the sites by digging holes to the full depth of the topsoil and to about three feet into the subsoil.

Amos Funk, chairman of the Lancaster County Soil Conservation District presented a plaque to the winner.

Farm Calendar

Soil Conservation District Nominated For Second Award

Lancaster County Soil Conservation District, one of last year's winners of the Community Betterment Citations presented by Lancaster Community Council, is again in nomination for one of the 1960 awards.

As before, the organization is nominated in the field of Civic Improvement, for its continuing efforts toward conservation of soil, water, forests, wildlife and other natural resources.

Two other nominees in this same category of Civic Improvement include:

Lancaster Sertoma Club, for its continuing program of improvement at Long Park and the Pilot Club of Lancaster, for its project of restoring the Woodward Hill Cemetery burial plot of President James Buchanan.

Citation awards will be made during the annual dinner meeting of Lancaster Community Council at Hotel Brunswick, May 4.

There were 2,910 pedestrians killed and 66,030 injured on U. S. roads last year because they crossed between intersections.

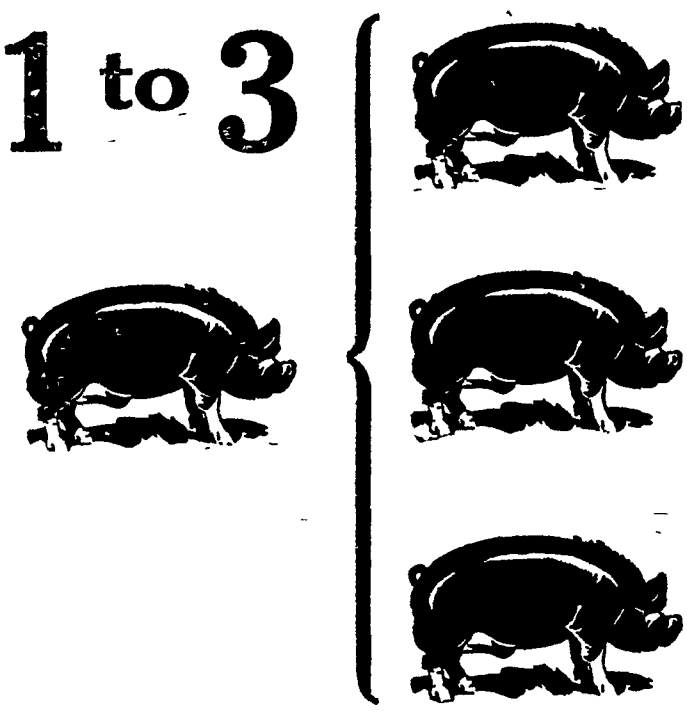
1 to 3



For every dollar invested in limestone, experiment stations conclude, three dollars are returned in increased crops. Sometimes the ratio climbs to one to 15.

This explains why the Government pays about half the cost of applying limestone, if help is desired. The Government is convinced that farmers cannot afford to not use limestone.

Where else does one dollar spent bring at least three in return? It does pay to use good limestone!

Grass Silage treated with STA-FRESH® Silage-Grade Sodium Metabisulfite

Cattle really clean up grass silage treated with STA-FRESH . . . make big gains in milk and beef. Cattle just naturally prefer it. In free-feeding tests, they eat up to *four times* more treated than untreated silage. Here's why:

STA-FRESH treated silage smells *sweet*—and is far richer in carotene (Vitamin A), sugar, digestible dry matter, and total digestible nutrients (TDN).

STA-FRESH is economical, too. Just one 80-lb. bag treats 10 *tons* of silage. It's easy to apply at blower or field chopper . . . works well in upright, trench and bunker silos, on all grass and many legume forage crops.

To put up the freshest, greenest, sweetest-smelling grass silage you've ever had, see your dealer for STA-FRESH now!
